Dear Search Committee:

This is a letter of recommendation for Dr. David R. Feeney. Dr. Feeney worked at Temple University for approximately 10 years, and worked within my management portfolio for two years.

During his time at Temple, Dr. Feeney proved to be a true innovator, leading the University community through the adoption of new and emerging technologies, beginning with the Blackboard Learning Management System during its initial adoption in the 1990s, through his recent launch of the TUCapture class capture system.

Dr. Feeney is a creative professional who worked closely with Temple's faculty and administrators. I found him to be a pleasure to work with, as did many of his other colleagues at Temple. I recommend that you consider him for this position.

Please contact me if you need any additional reference information.

Regards,
